

Shared Learning

Shared Learning Opportunities

What is a Shared Learning Opportunity?

Shared Learning Opportunities (SLOs) are virtual or in-person sessions that occur in and across Improvement Collaborations. District Improvement Teams share and learn together in order to accelerate and deepen the skills and knowledge needed to carry out their Annual Improvement Plans. These opportunities may also be open to those educators in the collaboration districts who are engaged in the improvement work and can benefit from the SLO content. Click below to learn more about each SLO and access previously recorded sessions.

How do I Sign Up?

RSVP's for "live" SLO sessions are reserved for the Host collaboration's participating districts. You may add your contact information to the Waitlist tab on the RSVP if you are not part of that collaboration, but would like to participate. You will be contacted if there are openings. Recordings of SLOs are available to everyone.

Cross-Collaboration
